

**To** : ASNs

**From** : FiA Safety Department

**Ref.** : FIASDH-22-013

**Date** : 1 September 2022

**Pages** : 1 + 24

**Subject** : M.E.RIN Safety Fuel Bladder detach issue and incorrect labelling

We would like to inform you that, some of the M.E.RIN safety fuel tanks may be found without the compulsory hologram in place and others have been produced with incorrect labelling.

The FIA has decided, **on an exceptional basis**, and considering that this incorrect labelling does not affect the safety performance of the products, to authorise the sole products identified in the below paragraphs to be used when compliance with FIA Safety Regulations is required:

- **Safety Fuel Tanks with possible Hologram Failure/Detachment:**

Due to a production problem, the compulsory FIA hologram may get detached from some M.E.RIN safety fuel tanks. Competitors owning safety fuel tanks manufactured by M.E.RIN between January 2019 and June 2020 shall contact M.E.RIN (*motorsport@merin.it – from Monday to Friday cell. +39 329 3953614 and until Saturday 1:00pm e.giambartolomei@merin.it / a.giambartolomei@merin.it +39 3357801605 or +39 3357801606*) in order to get the label replaced. The Appendix 1 and Table 1 shows details of the label and a list of FIA hologram and label serial numbers, homologation number and manufacturing date of the safety fuel tanks with this production problem.

Any safety fuel tank presented to the initial scrutineering **without the compulsory FIA hologram, shall not be accepted** when compliance with FIA Safety Regulations is required and you are kindly requested to inform the FIA accordingly.

- **Incorrect labels template:**

The templates shown in Appendix 2 are acceptable as long as the FIA hologram and label serial numbers, homologation number and manufacturing date match the information shown in Table 1.

Please be so kind as to take all the necessary measures to ensure that this decision is adhered to within your sphere of competence.

We will stay available to clarify any possible further question,  
FIA Safety Department

## Appendix 1

### Fuel Tanks with possible Hologram Failure/Detachment

*Example of the failure*

Table 1 – Details of FIA hologram and label serial numbers and homologation numbers that may be affected with hologram detachment
