

# TRACK MEDICAL CENTRE QUESTIONNAIRE

NAME OF THE CIRCUIT

COUNTRY

**REMINDER**

No construction or modification may be undertaken before submission of the plans to the Circuits commission.

Who will be taken in charge at the medical centre?

- Only casualties related to the event (drivers, mechanics, track personnel)
- Casualties related to the event plus paddock and public

## PLAN OF THE CENTRE ITSELF

Please attach a graphic plan of the Centre following these recommendations:

The centre must be large enough to be legible. The identification of the rooms, the captions, and the comments must be written in English or in French. Indicate the total dimensions, the dimensions of each main room, the size of the doors and which way they open the sanitary facilities, the position of the high flow shower, and the position of the beds / examination tables.

Clearly indicate the location of the ambulance drop-off zone.

## THE CENTRE IN ITS SURROUNDINGS

Please show in an attached large map of the circuit the following information:

Clearly position with an arrow the medical centre on a detailed and sufficiently large map of the circuit:

Is it located inside the track layout?

- Yes       No

If **Yes**, please specify the road evacuation during the race (several boxes may be ticked)

- by crossing the track       by bridge above the track       by tunnel under the track

Means of evacuation do you plan to use for a casualty (take into account the time to reach the referral hospitals)

Ambulance

Helicopter

Other, please specify:

Clearly indicate in colour the access road(s) to the medical centre from the track and vice versa. From the medical centre, indicate the evacuation route(s) towards the outside.

Indicate the location of any helipads.

Clearly demarcate the space of the centre isolated by fencing and indicate if it will be opaque or not.

Distance between the medical centre and race control?

Metres

Yards

---

## ADDITIONAL INFORMATION

In the event of a power outage, do you possess an emergency electricity supply?

Yes

No

Is the oxygen supply administered

by bottle

"centralised"

Have you arranged an area for anti-doping controls

Yes

No

Inside the centre

Yes

No

---

## INFORMATION CONCERNING THE REFERRAL HOSPITAL(S)

If your circuit is very close to a hospital, the FIA may grant, on a case-by-case basis, a dispensation for the construction of a Track Medical Center.

|    | Name of the referral hospital                          | City                 | Distance, by road<br>from the medical centre |
|----|--|----------------------|--|
| 1. | <input type="text"/>                                   | <input type="text"/> | <input type="text"/> km                      |
|    | Trauma Center Level:    I            II            III |                      |  |
| 2. | <input type="text"/>                                   | <input type="text"/> | <input type="text"/> km                      |
|    | Trauma Center Level:    I            II            III |                      |  |

Date (DD.MM.YYYY)
